PROFESSIONAL BIOGRAPHY OF JEFFREY N. SHANE

Jeffrey N. Shane is a partner at the international law firm of Wilmer, Cutler & Pickering, based in the firm's Washington, D.C., office. He has a domestic and international transportation practice, with a major emphasis on regulatory and transactional issues arising in aviation and aerospace.

Prior to joining WCP in 1993, Mr. Shane enjoyed a long public service career and thus brings a unique range of experience to his work. As Assistant Secretary for Policy and International Affairs at the U.S. Department of Transportation (1989-1993), he was responsible for formulating and implementing the U.S. Government's economic policy relating to domestic and international aviation as well as case-by-case regulatory decisions. Among other responsibilities in that position, he focused heavily on international aviation negotiations, competition issues, alliances, airport funding and privatization, and facilitation issues. Before that, as Deputy Assistant Secretary of State for Transportation Affairs (1985-1989), he served as the U.S. Government's chief international aviation negotiator and worked closely with governmental counterparts around the world. As Deputy Assistant Secretary of Transportation for Policy and International Affairs (1983-1985), he served as the first post-CAB decision maker in proceedings for the allocation to U.S. airlines of new international routes. In earlier positions at DOT he served as Assistant General Counsel for International Law, Special Assistant to the General Counsel, and as Trial Attorney. His experience in DOT's legal and policy offices during many administrations means that his advocacy of client interests before the Department of Transportation is uniquely informed and effective.

Mr. Shane currently serves as Chairman of the Commission on Air Transport of the International Chamber of Commerce, Chairman of the Military Airlift Committee of the National Defense Transportation Association, and President of the International Aviation Club of Washington. From 1985 through 1989, he was Adjunct Professor of Law at Georgetown University, teaching a course in International Transportation Law.

Mr. Shane is a graduate of Princeton University (A.B. 1962) and Columbia University (LL.B. 1965), where he was Articles Editor of the *Columbia Journal of Law and Social Problems*.
